District Governor Elect Installs Club Officers for 2014-2015

District Governor Elect Chris Moorman was pleased to be our installing officer for the new Lions year. He and wife DeDe were glad to come to Houston Cy-Fair Lions Club. He spoke on change, that Lions Clubs of founding father Melvin Jones' time were far different than Lions Clubs of today. Change is constant and needed for growth. DGE Chris used the analogy of baseball during the installation of officers, with each officer being part of the team. It takes many different people with different talents to make a successful baseball team, or a successful Lions Club.

Outgoing President Stedman gave an account of his presidential year, saying "Fellow Lions, you have made me proud for all you have done." He reported that in the past year we have purchased 94 eye exams and eyeglasses for children of the Cy-Fair School District. At Christmas, we gave over 50 families bushel baskets of food. We help pay for a fifth grader to attend a National Conference in Washington DC. We gave two high school graduates scholarships. We purchased a Low Vision Magnifier for a family with several persons within that family with low vision. We continue to collect and turn in many boxes of used eyeglasses so that others can see better. Our Club took second place in the District Visitation Contest this year. Membership has increased. Many members attended a Work Day at the Texas Lions Camp. We assisted a Boy Scout with his Eagle Scout project. All of this we did together, and President Stedman thanked us for all that we do. He then handed the gavel to Incoming President Lion Paul.
